February 4, 2015

Hello Neighbor:

We are the board of the Original Austin Neighborhood Association, and are soliciting new and renewal memberships from those who live, lease or own property in the area Lady Bird Lake on the south; West 15th Street in the north; Guadalupe Street on the east; and, Lamar Boulevard on the west.

The Old Austin Neighborhood Association (OANA) takes its name from the fact that it is the residential district of the original city, as laid out by Edwin Waller in 1839. Since the 1970's OANA members have been working to preserve and promote the livability of this historic downtown neighborhood.

OANA's goals are simple powerful and multi-generational:

Historic preservation, help create new residential developments, environmental conservation, reforestation and preservation of our urban forestry, preserve and re-envisioning green spaces, update and improve pedestrian mobility (sidewalks), collaborate with our development community to encourage responsible office and retail spaces.

With these goals OANA is optimistic that it will continue to protect, preserve and grow as the heart of Austin for generations to come.

OANA members is just \$25/year per individual. Please fill out and return the form below to become a member.

Board of Directors

Ray Canfield

Richard Hardin

John C. Horton

Paul Isham

Perry Lorenz

Ted Siff
